Dear Ms. Millman:

As a longtime Beth Israel physician and as President of the hospital, I've seen how important a role philanthropy plays in our lifesaving work each and every day.

I am delighted to hear about your gift of \$400.00 to support efforts to make hospital stays less stressful for children through our child life program. Generous gifts like yours are greatly appreciated by everyone at Beth Israel and they are absolutely vital to the life of the hospital.

Beth Israel was founded more than 120 years ago by a group of community leaders committed to ensuring that all New Yorkers had access to the best medical care available. Since then, we've grown into a world-class medical center that offers an incredible array of innovative clinical programs, educational opportunities and research initiatives. Our patients benefit from both our high-quality medical care and our commitment to their emotional needs.

Beth Israel is truly a special place. It's the generosity of donors like you that allows us to be so very special. Thank you again on behalf of all who will benefit from this thoughtful gift. I'm grateful to have you as part of the Beth Israel team.

Warm regards,

Harris M. Nagler, MD, FACS
President
