Dear Ms. Weintraub Dashow,

On behalf of The Brooklyn Hospital Foundation, I thank you for The Eugene Zitwer Foundation's increased gift of \$4,275, which was received on December 3, 2019. Your generous support has underwritten two face painters, a build-your-own-bear station, gift cards, and toys from our Amazon wish list for families that attended our Pediatrics Department's annual NICU and Hematology/Oncology holiday parties.

Our holiday parties have reunited hundreds of former NICU and Hematology/Oncology patients and their families with the physicians and staff that cared for them during a challenging time. Not only are these events wonderful opportunities to celebrate the children's' tremendous progress, but thanks to the generosity of organizations such as yours, we are able to provide gifts for needy families this holiday season.

We cannot thank you enough for your increased support this year and for putting even more smiles on the faces of children that need it the most. Wishing you a happy and healthy holiday season.

Sincerely,

Deborah Niederhoffer
