Dear Ms. Zitwer-Millman:

Thank you for making a difference at Maimonides Medical Center! We truly appreciate your gift of \$4,276.00 to support the Maimonides Child Life Program at the Department of Pediatrics. Your gift will be designated toward the December Holiday party, for the Chanukah party and for the New Year's party for the Hematology-Oncology Out-Patients for food, projects and entertainment per your letter.

Maimonides is nationally recognized for clinical excellence across all major specialties. As Brooklyn continues to grow with even more young families choosing to make their homes and livelihoods here, we continue to expand our programs, staff and facilities to keep pace with developing needs.

The support of philanthropic friends like you enables us to grow and excel in the range and quality of our programs, the size and efficiency of our campus, and the number of patients we serve. Thank you for helping us to serve those who depend on us with respect, compassion and the highest quality clinical care.

Sincerely Yours,

Ms. Sylvia Martinez
Director of Development Operations
