Dear Sharon,

On behalf of the Child Life and Creative Arts Therapy Department, thank you. We are so appreciative of The Eugene Zitwer Foundation's generous support of our studio programming and neonatal intensive care unit (NICU). Through this grant, we can continue to meet the needs of our patients during the stressful time of hospitalization.

The Child Life and Creative Arts Therapy Department provides therapeutic expressive arts and recreational activities that foster growth and development to ease pain and anxiety for hospitalized children. Our child life specialists and creative arts therapists are a wonderful team of dedicated clinicians who are committed to the wellbeing of our pediatric patients.

Please find enclosed the purchase receipts for both the studio and NICU.

Once again, thank you!

Sincerely,

Morgan Stojanowski, MS, CCLS (she, her, hers)
