Dear Ms. Dashow:

On behalf of NewYork-Presbyterian Hospital and its Morgan Stanley Children's Hospital, and in particular our Child Life staff, I am happy to thank you for the Eugene Zitwer Foundation's support.

Your December 2014 grant of \$2,200 is significant to our maintaining meaningful components of our Child Life programs. It makes a world of difference to hospitalized children and out-patient youngsters when they are distracted by and engaged with Child Life staff and something interesting and fun in the Treasure Box Program in Pediatric Phlebotomy or the Special Needs Toy Lending Library.

Thank you for your support of the Hospital's efforts to provide the very best patient experience for children.

Sincerely,

Victoria Schlegel
